

# HELLO AND THANK YOU!

Thank you for choosing to partner with the KZN response team and support our nation during this pandemic.

Our heart around our COVID-19 Buster pack, is to provide vulnerable households that are classified 'high-risk', with a range of hygiene items to help prevent the spread of COVID-19 but also to provide some non-perishable food items that families will require during isolation and recovery.

Our aim is to support families as well as increase awareness and knowledge about COVID-19 so as to reduce the amount of cases that require medical assistance in hospitals. **#FlattenTheCurve**

## ALRIGHT - LET'S GET STARTED...

The next steps are super straight forward and are as easy as 1, 2, 3, 4...

1

### #1 SHOP
